# ARCADIA

Arcadia Vineyards was founded by the Arca family just over ten years ago. Arcadia is a small, sustainable and quality focused producer. Their 200 hectare estate is located in North East Thrace in the old winemaking town of Lüleburgaz, which hosts a gastronomy hotel and spa. Winemaking has been a long tradition in the region since the fifth century, albeit interrupted due to long -lasting wars and migrations at beginning of the 20<sup>th</sup> century. Arcadia was the first winery established in the region and pioneered the rebirth of the ancient Kırklareli terroir. The moderate climate and marine soils have made Arcadia particularly famous for elegant, aromatic white wines, which are made by the renowned French consultant, Michel Salgues of Roederer fame.
